# Faith in Action

## Elder Outreach

Faith in Action helps older adults remain independent in their homes while assisting families who care for frail elders. Volunteers are the heart of the program, and they are trained to provide needed caregiving services. Our neighbors' independence depends on our response to their needs.

This mission is supported by a partnership of local faith groups, caregiving organizations, and professionals. But we also need your help. Please help Faith in Action by volunteering and/or enclosing a tax deductible gift made payable to *Faith in Action*.
