Albert moved to Bloomington to take care of his mother who was ill. A month after she passed away, he found out he needed kidney dialysis. *"I was sick and I didn't know it. Without the help of Faith in Action I would not be able to get to my dialysis appointments and pick up my medications every week."* Albert now gets rides to and from dialysis 3 days per week from FIA volunteers. *"I've never seen so many people that are nice and kind in one spot."*

Transportation

"Faith in Action is a gift from God, and an answered prayer."

Shopping

Betty depends on FIA for everyday needs such as grocery shopping. Her daughter lives nearby in Towanda, but when she is at work, FIA Volunteers help fill in the gaps. *"I do not have a car, and I have never driven."* FIA volunteers have *"been very nice and very helpful."*

"This experience can be life changing in many ways"

Matt - Volunteer

Lorene of Normal relied on FIA to take her to daily cancer treatments. *"The volunteers who drove me from the cancer treatment center were absolutely wonderful...I never heard of anyone who looked forward to going for radiation, but I did so I could visit with these delightful folks."* Having FIA helped Lorene remain at home with her husband, Harlan.

"I don't know what we would have done without FIA"
