Enjoy two easy avenues to raise money through NVCN's Fill the Heart campaign. Simply share the link on your social media and encourage your donors to make a contribution by selecting your organization under the list of members. To maximize fundraising, consider creating your own team and sharing that link with your community. NVCN will collect contributions, and only deduct Givebutter and/or credit card processing fees. NVCN does not profit from this campaign.

Boost your fundraising efforts by mirroring NVCN's Fill the Heart campaign through your Givebutter.com account. Establish a Givebutter account, connect your organization's bank account using Stripe for seamless donation management, and utilize all the "Fill the Heart" graphics from our toolbox, transferring them directly to your account. Add a personal touch to your campaign with local anecdotes and data. Additionally, NVCN provides teaser messages and social media content that you can share and distribute among your donors.
